**Certification**

I certify that the Project has been completed as detailed in the Project Application dated \_\_\_\_\_.

The Project was completed on \_\_\_\_\_.

I submit herewith:

- o Copies of our supplier and contractor invoices; and
- o Copy of the ESA (Electrical Safety Authority) certificate for the installation (if applicable).

Toronto Hydro will arrange for a site visit to complete the measurement and verification process and provide a final report to confirm the actual reduction in peak electricity demand and or annual kW hour reduction and final incentive value.

Upon completion of the measurement and verification process and receipt of the final report I will submit:

- o An invoice for the final incentive value.
