The Ministry of Energy, Northern Development and Mines amended the *Ontario Rebate for Electricity Consumers Act (OREC Act)* and the regulations under the *OREC Act* to introduce the Ontario Electricity Rebate (OER), which replaced the 8% Provincial Rebate. The OER provides eligible consumer accounts with a rebate on their electricity bill.

Please note that the eligibility requirements for the OER are different from the eligibility requirements for the former 8% Provincial Rebate. Even if you were previously eligible, **you are required to re-declare eligibility under the new rules to begin receiving financial assistance.** Please review the following information carefully.

You don't have to complete this Notice Form if your account is eligible for the OER because your demand for electricity is 50 kilowatts or less or because you annually use not more than 250,000 kilowatt hours of electricity. In those circumstances, you'll be automatically transitioned to the OER and will receive the OER for as long as you remain eligible.

If your account is eligible for the OER, please complete and submit this form to Toronto Hydro immediately.

The OER will be applied to your account as of the next billing period. If you have more than one qualified account, please fill out a separate form for each account.

Eligibility Criteria for The Ontario Electricity Rebate

To be eligible for the OER, the consumer account must meet at least one of the eligibility criteria below:
