

Local Demand Response Program Participant Application

1. Application instructions

Complete all required fields in this Participant Application (“Application”) and submit it through email to local_dr@torontohydro.com. By submitting this Application, you acknowledge that, should your Application be accepted by Toronto Hydro, your participation in the program is contingent on submitting and clearing capacity in the offer process and the execution of a Local Demand Response Program Participant Agreement.

Next steps after submitting the Application:

1. Once you’ve submitted the Application, Toronto Hydro will review it and get back to you within 3 business days.
2. Eligible applicants will be asked to submit a capacity offer indicating the magnitude of capacity to be offered and the offer price.
3. Successful applicants (the “Participant”) will enter into a Local Demand Response Program Participant Agreement with Toronto Hydro.

For more information, please visit torontohydro.com/localdemandresponse.

2. Program overview

Toronto Hydro’s Local Demand Response Program (“Program”) provides Participants with the opportunity to help support grid reliability and earn incentives by reducing electricity use during periods of high demand.

3. Program eligibility criteria

In order to be deemed eligible to participate in the Program, the applicant must meet the following Program eligibility criteria. Toronto Hydro will review and confirm the applicant’s eligibility based on these requirements.

- Participating loads are located in an area served by at least one of the following six target transformer stations (TS):
 - Finch TS
 - Leslie TS
 - Manby TS
 - Horner TS
 - Strachan TS
 - Dufferin TS
- The total resource capacity is at least 500 kilowatts (kW) (i.e., single facility or aggregated resource)
- Applicable to aggregated DRs only: The aggregated DRs are all located in areas served by the target stations. Capacity may be aggregated by station pair:
 - Manby TS / Horner TS
 - Strachan TS / Dufferin TS
 - Leslie TS / Finch TS

4. Participant information

The Participant Contact (defined below) will act as the main point of contact for the Program, if the Participant is selected. If the Application includes multiple contributors, the Participant Contact will represent the group.

Full name (“Participant Contact”)	
Mailing address	
Phone number	
Email address	

5. Demand response (DR) information

Number of contributors	
------------------------	--

Complete a separate contributor table for each contributor. If you have more than 10 contributors, use our Local Demand Response Program Additional Contributors form available online at torontohydro.com/localdemandresponse to fill out additional entries and attach it to your Application.

Contributor #1

Service address		
DR capacity size (megawatts [MW])		
DR resource type	Battery Load curtailment	Gas Other: _____

Contributor #2 (if applicable)

Service address		
DR capacity size (MW)		
DR resource type	Battery Load curtailment	Gas Other: _____

Contributor #3 (if applicable)

Service address		
DR capacity size (MW)		
DR resource type	Battery Load curtailment	Gas Other: _____

Contributor #4 (if applicable)

Service address		
DR capacity size (MW)		
DR resource type	Battery Load curtailment	Gas Other: _____

Contributor #5 (if applicable)

Service address		
DR capacity size (MW)		
DR resource type	Battery Load curtailment	Gas Other: _____

Contributor #6 (if applicable)

Service address		
DR capacity size (MW)		
DR resource type	Battery Load curtailment	Gas Other: _____

5. DR information (continued)

Contributor #7 (if applicable)

Service address		
DR capacity size (MW)		
DR resource type	Battery	Gas
	Load curtailment	Other: _____

Contributor #8 (if applicable)

Service address		
DR capacity size (MW)		
DR resource type	Battery	Gas
	Load curtailment	Other: _____

Contributor #9 (if applicable)

Service address		
DR capacity size (MW)		
DR resource type	Battery	Gas
	Load curtailment	Other: _____

Contributor #10 (if applicable)

Service address		
DR capacity size (MW)		
DR resource type	Battery	Gas
	Load curtailment	Other: _____

6. Email communication acknowledgement

This form involves email communications to and/or from Toronto Hydro. Please read the statement below carefully and **check the box** to confirm your understanding and agreement before submitting.

By opting to submit this form via email, I acknowledge that I accept the risk of email communications to and from Toronto Hydro not being encrypted or secure, and that the personal information contained in this form (including but not limited to name, service address, phone number, email address and Toronto Hydro account number) could be intercepted and/or read by unintended parties. Toronto Hydro accepts no liability for any loss and/or damages caused by unintended parties intercepting and/or reading email communications contained in this form.

If you have any questions about the information collected on this form or the ways in which your personal information may be used, you can learn more at torontohydro.com/privacypolicy or you can call us at 416-542-8000 to request a copy of the Toronto Hydro Privacy Policy. Please see Toronto Hydro's Conditions of Service at torontohydro.com/conditionsofservice for terms and conditions.
