

Streetlighting Requests for Film Shoots

Owners and operators of registered businesses can submit requests to turn specific streetlights off and on during scheduled periods of time to accommodate filming schedules.

Submission instructions

Please submit a completed form through email to filmshoots@torontohydro.com at least 10 business days prior to your requested start date. We'll inform you about whether your request can be accommodated within 5 business days of receiving your fully completed form. If your request can be accommodated, we'll provide you with a job quotation and payment instructions. For more information, visit torontohydro.com/streetlightrequests.

Requestor contact information

Requestor full name	
Registered business name	
Business address	
Phone number	
Alternate phone number (optional)	
Email address	

Streetlighting details

Location of streetlights Please provide street addresses and any landmarks that may help with the identification of which lights will be affected.	
Pole number(s) These numbers can be found on the streetlight poles. Note: We have a Streetlight Map available to help pinpoint the specific streetlights you're requesting. If possible, please take a screenshot of your requested location on the map, highlight the desired streetlights, and submit it by email along with your request form.	
Total number of streetlights affected	
Date and time range of the request	Start date: _____ Start time: _____ End date: _____ End time: _____

Additional details

Please provide any additional details regarding the requested scope of work.
